The Andreasson Affair

Synopsis

Something extraordinary happened to Betty Andreasson. Maybe she encountered non-human visitors or maybe something even more strange. Whatever the origin of her experience, her immensely powerful story awed me. Its rich and provocative imagery will remain with me forever. •Whitley Strieber, author of *Communion*[The Andreasson Affair] is a book that will captivate, bother, intrigue, and even frighten as one pursues it and contemplates its implications. •Dr. J. Allen Hynek, founder, Center for UFO Studies (CUFOS)The Classic Case of Alien Abduction Rereleased with a New Afterword for a New GenerationThe Andreasson Affair is more than just a classic example of a close encounter. It is •to use the jargon of ufologists• a case of such •“high strangeness”• that even the most open-minded investigators were at first inclined to dismiss it out of hand. Yet it has become probably the best documented case of its kind to date, the subject of an intensive 12-month investigation conducted for the Center for UFO Studies (CUFOS) that involved, among other things, the recording of large quantities of testimony given under hypnosis, extensive lie detector testing of witnesses, detailed analysis of corroborative circumstantial evidence, exhaustive comparison with other such accounts, and much more. The Andreasson Affair includes: The most detailed description of any UFO abduction experience. Betty’s precise drawings of her experience. A supporting foreword to the book by astronomer Dr. J. Allen Hynek. Verification of all events associated with Betty’s experience.

Customer Reviews

Although I had quite a few of Raymond Fowler's books already, I never got around to reading them until I got this new edition of The Andreasson Affair. I was stunned at the details, and the supporting information from other sources. Betty did not know anything about UFO's, and it wasn't until Dr. Hynek contacted Raymond Fowler that the investigation began. Some of the details about where the ET's are from are truly mind-numbing. I am still trying to comprehend what I have read and what we already know nearly 45 years after this happened. Highly recommended, and now I am reading all my books by Mr. Fowler.

A MUST READ TO ALL! Will open up your eyes on what is going on in our world

Very interesting

Amazing true story of alien abduction. Highly recommend for anyone interested in this topic.

Excellent historical read for those who do not know the story of Betty Andreasson and her family. A must read for those interested in aerial phenomenon.

Better than expected. Packed full of experience. I thought I knew the whole story but I was wrong. I've read many books on encounters and found this story one of the best. Well written. Couldn't put it down.

Good read. Thought provoking. Highly recommend for UFO fans.

When will the powers that be realize that most of us are ready to know the truth and get on with it?
