Expatriate Answerman: You Decided To Move To The Philippines? What's Next? (Expatriate Answerman: Philippines Book 1)

Synopsis

If you are thinking of becoming an expat and moving to the Philippines, this book is where you need to start. It covers making the decision to move and gives you information about your first steps in the process. Written by Bob Martin, who is an American that has been living in the Philippines since 2000. Bob writes about life in the Philippines on his website, and has taken his knowledge to write a series of books about becoming an expat in the Philippines. In this book, you will find information about: Moving to the Philippines, Talk it over as a family, Setting up a 5 year plan to make sure the move is positive, Snowbirding in the Philippines, Things to do before moving, Where to live in the Philippines, The final steps before making the move. Once you arrive in the Philippines, what to do next. This book offers a great overview on the process of making such a life changing move! Bob knows how to do it, and do it successfully, because he made the move and has set up a very successful life in the Philippines. You can do that too! Many people fail in their move. They find that they are unable to adjust to life in the Philippines. You might think that can't happen to you, but it happens to a large percentage of the people who make the move. Don't let that happen to you! Don't let your dreams get derailed. Get the information you need to succeed!

Customer Reviews

I have already made one visit to the Philippines, have Filipino family both in the states and the PI, and found some info in this book that I had not yet learned. Must read for anyone planning on making the move. Thanks Bob.

A lot of information packed in this book. Page after page has very useful information for anyone planning a move to the Philippines. Any questions you might have about this subject can be answered by Bob the Answerman.

There are so many things to think about when moving to a foreign country. Bob lays down the steps to make it so much simpler. We now have a check list and when we do pull the trigger to move, this book (and Bob's Email Address) will be there step by step.

I have lived in the Philippines for 3 years and everything written in this book is dead on target. Reading this before you make your move will save you a lot of headaches in the future.

As someone who has lived in the Philippines before myself. The information in this book is really the go-to guide to moving and being successful with your move to the Philippines. I just wished I had this book before I lived in the Philippines. Maybe I could have saved some money.

From your visa to your stuff, this handy eBook covers it all! Great buy! I have read previous books by the author and found this one equally informative!

certainly gave me a lot of insight...loved it

Bob's book series are a great guide for the expat in the Philippines. This is the second book that I have read and enjoyed it immensely. As much as I think that I know I always learn something new.
