Customer Reviews

I had already purchased the first two books before I received an ARC from the author. These reviews are strictly voluntarily given! *Fear of Getting Burned*: Kyle is a firefighter who grew up being told that he couldn't have anything too nice or that he loved too much because he'd lose it. Based

on this premise, most of his interactions are superficial. Things change once he saves Rick from a house fire. As they become closer, through the training of Pongo, Kyle's dog, they come to realize that someone really wants to destroy Rick's life. Since Rick has had adversity in his family, he refuses to give in to fear. Finding the arsonist takes on new importance when a brick is used as a means of intimidation. An excellent story line!

Up in Flames: This was an interesting story just because of the differences between the two main characters...Tim is a dedicated firefighter who is a born caregiver. Nicky, his boyfriend, has so many issues stemming from a horrible childhood, that he has difficulty controlling impulses and has no self confidence. When their home explodes, so does their relationship. The only questions... is there anything to save?

Phoenix Fire: Dylan, a firefighter, meets Cal, an exotic dancer, when he sees a treehouse on fire and Cal comes to his aid. Later they see each other again at Cal's strip club and reconnect when Cal calls the fire department to rescue a cat. Short and sweet.

Fire and Desire: Charles is a firefighter who's boyfriend, Brandon, moved out after 2 years together. Dwayne is Charles' best friend and Dwayne has been dating Ron for 2 years. Summer is Charles' sister and she's dating Brandon can't seem to remain faithful and all Ron does is talk about art...a little stuffy. Charles parents are overbearing and when Charles is in the hospital following an injury at an apartment fire, they arrive in town 'to help Charles' and stir things up even more. It doesn't help that Brandon shows up! Three years pass and Charles will never be the same, physically and emotionally. Dwayne is still with Ron and none of these mm relationships are working well. A baby is born (so one relationship is successful), history is shared, couples break up, ex's move, best friends unite. Perfection finally achieved.

Dane's Inferno: Dane is a firefighter, his best friend, Bradley is too. They always have each other's backs. They save Owen from a house fire in which he loses everything. Dane invites him to stay with him until he gets on his feet. Owen works as a waiter, wants to be a musician and is totally self centered but a born optimist. Dane has only dated one guy before and it didn't go well at all. Dane was attracted to Owen, partly because he was just so fun to be with! Everything changed with one date and an ex who was slightly insane!

Owen's Obsession: I wish I could say that Dane was Owen's obsession, and he was, to a certain degree, but his desire to be a musician was stronger. Definitely not a HEA with this one.

ETERNAL FLAME AN MM COTEMPORARY ROMANCE BUNDLE This is a compendium of love stories, at once heartfelt, heart wrenching, and heartbreaking. Each story explores the camaraderie of the firefighters' brotherhood. Fiercely protective of each other, isolated from their personal lives, brave focused firefighters are on hold until the alarm sounds and the adrenalin takes over. Page by page, the heat from the roaring flames and the smoke comes through the pages and

the toll this career takes on personal lives is explored. Each story is unique and completely engaging, inviting re-reads and reconnecting these unforgettable characters.

FEAR OF GETTING BURNED When a dedicated fireman with an impoverished childhood, adopts an adorable but clueless Dalmatian puppy to be his best friend and the firehouse mascot meets an attractive handsome European who trains dogs; expect an amusing tale of Kyle, Rick and Pongo. Mix in a Molotov cocktail, falsified documents, exceptional German beers, there becomes an emerging attraction for these two unlikely men. This is an often-hysterical look at two improbable men who find a lasting attraction and Pongo even finds a kitty best friend.

UP IN FLAME This is a loving story of Tim, a dedicated firefighter and Nicky his adoring but socially inept lover. Love isn't always hearts and flowers and sometimes the mounting bills and frustrations of daily life take over. Mix in drug sales, misunderstood communication, the smoldering wreckage of a home, and this becomes a life changing and love affirming story.

PHOENIX FIRED Dylan the young rookie firefighter is passionate about his career choice, but moving away from family and friends across the country takes a toll on his personal life. Eager to fit in he works hard to make friends and never seems to belong. A crush on a fellow firefighter with a lover alienates him further from his coworkers and life. An accidental meeting with Cal an exotic dancer who helps off-duty Dylan extinguish a tree house fire leads them to become roommates. This is a sweet, sweet story, a coming of age and finding a lost self-confidence.

FIRE AND DESIRE This is a story of love taking a roundabout route and a long time to realize. Charles is a dedicated firefighter moving to a large city far from his emotionally abusive parents. Left by a cheating lover, he relies on his best friend Dwayne and his quirky sister to cope. There is a deep attraction between the friends however, neither wants to jeopardize their easy friendship to possibly become a failed couple. Charles arriving at an Arson fire in a apartment building, finds a child on the third floor, scoops her up in his arms as the building collapses. His lover Brandon returns to their relationship promising a new beginning and time passes with Charles on reduced duty due to his injuries. Slowly Brandon returns to his cheating ways, Dwayne realizes it before Charles does and together they confront Brandon who is actually triple-timing. Realizing that they are both free of toxic relationships they can finally become best friends to lovers.

DANE'S INFERNO Dane is a seasoned firefighter with a reputation of being fearless. Even his nickname 'suicidal Dane' reinforces his commitment to his job. Rushing to a house fire, he finds a sleeping man in a back bedroom and with all of the exits blocked he lowers him out of a window. The young man is treated at the scene by EMS and Dane offers the now homeless man his guest room. Owen is flirty, sincere and prods Dane into sharing more than a guest room. Dane is still heartbroken from a failed

relationship after nine years which has him closed off from all social interactions. Dane and Owen find a common appreciation for each other's strengths and begin their own intimate relationship. It is gratifying to see the changes they bring out in each other. OWEN'S OBSESSION Dane and Owen's relationship becomes a comfortable routine. Owen begins to concentrate on his music and is performing at local venues but hopes to move to Los Angeles or Seattle to hit the big time. Dane convinces him to quit his restaurant job and devote his time to his music. Owen begins to tempt Dane with the advantages to live in one of these large cities. Dane is happy in the small town. A fierce fire kills Dane's partner and badly injures Dane. Owen realizes that his life centers around Dane and this close call is sobering, how can he put his own selfish intentions before Dane who would change his own life for Owen. The woman he performs with has recently inherited funds and offers to take Owen with her as she leaves for Los Angeles. Awareness dawns for both Dane and Owen their love has created newer better versions of themselves."I voluntarily reviewed an advanced copy of this book."
