Howliday Inn (Bunnacula And Friends)

Synopsis

Not a great place to visit, and you wouldn't want to live there. The Monroes have gone on vacation, leaving Harold and Chester at Chateau Bow-Wow -- not exactly a four-star hotel. On the animals' very first night there, the silence is pierced by a peculiar wake-up call -- an unearthly howl that makes Chester observe that the place should be called Howliday Inn. But the mysterious cries in the night (Chester is convinced there are werewolves afoot) are just the beginning of the frightening goings-on. Soon animals start disappearing, and there are whispers of murder. Is checkout time at Chateau Bow-Wow going to come earlier than Harold and Chester anticipated?

"The story, with wonderfully witty dialogue and irresistible characters, is a treat for all ages." -- Publishers Weekly

Harold and Chester could hardly believe it. The Monroe family was going on vacation without them. Bunnacula, the family rabbit, would be boarded with a neighbor. But they, the family's loyal dog and cat, were to be sent away with strangers; they were to spend a week at Chateau Bow-Wow. Chateau Bow-Wow, observed Chester, soon after they arrived, could more properly be called

Howliday Inn. Though what was howling, neither of them knew. Chester had his suspicions however; only a werewolf could make that chilling sound. --This text refers to an out of print or unavailable edition of this title.

I got these books for my new 11 year old nieces because I remember reading "Celery stalks at midnight" when I was a kid and I remember that I liked it a lot. They just got some rabbits for their farm so, I thought they might enjoy these books too.

When a book begins with an editor's note telling how a dog named Harold scratches on the door on a rainy day to leave a manuscript in plastic. Then he stays long enough to have a doughnut and hot chocolate, you know you are in for an hilarious story. So begins the hair-raising and laughter filled adventure of when Harold and his cat pal, Chester, are boarded at the Chateau Bow-Wow when their family goes on vacation. Just sit back and enjoy the parade of lovable characters and outrageous antics of Harold and Chester as they try to solve the mystery of why animals are disappearing from the "Special Boarding House For Special Cats and Dogs" renamed Howliday Inn by Chester.

My family loves all of the Bunnacula books. We think everyone should experience the Bunnacula series. The binding is secure, the cover art is lovely and the story is unforgettable. There is laughter and mystery. The weight of the paper used for the cover is a little thin but for the price we aren't complaining too much. A great buy!

Any book that makes my son say, "Can I go ahead and read the next chapter?" is a hit with me. I read Bunnacula when I was a little girl and it thrills me that my son is enjoying it as well. We have two cats and a dog. My children talk as if the animals were actually talking through them all of the time. Harold the dog and Chester the cat are very entertaining animals indeed. Chester reminds us of our own "know-it-all" cat. He is convinced he is right and Harold is along for the ride and sometimes it gets a little bumpy. Great book for the 8 - 10 year old or the young at heart.

Charming, funny! I read this as a child, and now my 7-year-old daughter is reading it. She was skeptical when I said it was funny, but I have caught her chuckling quite a bit.

Much loved sequel to Bunnacula. My children asked us to read this over and over when they were

young and we listened to it in the car on cd. Sweet and funny story about the relationships between pets in one household. Just gave this as a gift with Bunnacula as well as a cd set of those books and another sequel.

I loved the whole Bunnacula series when I was a kid (and still do), but it didn't maintain interest for my 9-year old son. There are a lot of parts where the characters are just talking. If your child doesn't need constant action to stay interested, these are really amusing and clever books. If, however, your child needs something exciting happening every other page in order to stay engaged, this is not the book for him/her.

We bought this to go with a CD of the books being read, and the whole family got a kick out of listening in the car. The big bonus is that our second grader enjoyed following the story as she heard it by reading along in the books. The reader on the CD is actor Victor Garber and he does a great job. CD includes three Bunnacula books: Bunnacula, Howliday Inn, and The Celery Stalks At Midnight. Not scary...the bunny may or may not be a "vampire" but even if he is, what the family cat suspects he is doing is sucking the juice out of vegetables, so no people or animals are hurt in the production of this story...
