THE RISE AND FALL OF A 'CASINO' MOBSTER: The Tony Spilotro Story Through A Hitman's Eyes

Synopsis

The True Story Behind The Hit Film 'Casino' From An ÂœEnforcerÂ Who Lived It

Tony Spilotro was the MobÂs man in Las Vegas. A feared enforcer, the bosses knew Tony would do whatever it took to protect their interests. The Â“Little GuyÂ built a criminal empire that was the envy of mobsters across the country, and his childhood pal, Frank Cullotta helped him do it. But TonyÂs quest for power and lack of self-control with women cost the Mob its control of Vegas; and Tony paid for it with his life.

I was a little nervous before my first meeting with former mobster Frank Cullotta. It turned out we had a pleasant conversation that ended with an agreement for me to write his book. As I drove home, I realized I had made a deal with a career thief and killer on a handshake. What was I thinking?

Customer Reviews

The Rise and Fall Of a 'Casino' Mobster: The Tony Spilotro Story through a Hitman's Eyes offers a

firsthand account and is able to provide a deeper insight into the storied history of Anthony Spilotro. The book's vivid stories help the reader to understand the many complexities of the life and death of Tony Spilotro. The author's recounting of events make the story come to life as something more than events on a timeline. NO SPOILER ALERTS, but I will say that I did read about several things that I hadn't ever read before and I have read several books on this subject. Highly recommend!

I have read all of Mr. Cullotta's books, I've met him in person, attended his Mob tour in Las Vegas, and listened to him lecture. What an amazing persona. This is his best book (so far). It is written so it's easy to read, all first hand knowledge of what and how it happened in Las Vegas with Tony Spilotro as the main subject. Thanks so much for sharing this Frank! And for all of your other ways of sharing also.

I enjoyed the book. Most of it is a rehash but sometimes it's good to have a straight forward linear book to read and review what you knew and had forgotten.

If you are interested in the mob, I think you will like. It did show more of the human side of Tony. I thought it was as good or better than Franks first book and repeated very little. It really got into more details of the vegas crimes.

Great reading! He tells it like it is...enjoyed it and wish there was more...come on Frank, one or two more please.

I love mob books and this gives you the back end story of the movie Casino. Frank speaks in a great story telling mode.

If you're from the Chicago area it's worth the read. There's stuff in the book that I didn't know about.

A story from a killer turned Rat, is usually filled with weak mea culpa, but this tale has some factually based details, Worth the read
