Roger Priddy left school at 16 with just one qualification – in art. He went to Berkshire College of Art and Design and trained as an illustrator. His first job in children's books was working with the publisher Peter Usborne, at Usborne Publishing, and then he worked with Peter Kindersley at Dorling Kindersley, where he spent 16 years. Priddy became Creative Director of DK's Children's Division and was Managing Director of the children's mass market publisher Funfax when it was acquired by DK. In 2000, he created Priddy Books with John Sargent at St Martin's Press to create innovative and imaginative titles for children, from first books for babies through early reference titles for older children. Since then, over 30 million copies of Roger's 200 plus books have sold worldwide, with five of his books – *My Big Animal*, *My Big Truck*, *Happy Baby Words*, *Happy Baby Colors* and *Puppy and Friends* – each selling over one million copies. He is also the author of *Big Board First 100 Words*; *Big Board Books Colors*, *ABC*, *Numbers*; and *Bright Baby Noisy Monsters*. His creativity has been recognized with numerous industry awards. Priddy lives in London with his wife Zena and their four children.

The books are fantastic! My kids love drawing in them. The markers they come with require a damp cloth to clean them off the page then a dry cloth to dry the page because if you don't dry the page, there will be splotches from the wet marker residue. It's a pain! And did I mention that I have to use either multiple wet wipes or multiple damp cloths if I am cleaning more than 4 pages. And then my hands get all black from the marker residue left on the cloth or wet wipe. Ugh!! HIGHLY recommend buying a pack of Expo dry erase markers to go with these books.

And one tissue or cloth will clean the whole book! Saves time and effort! Well worth the \$5-\$6 to get 12 markers that actually WORK for the book! If you're gonna spend money on the book, so yourself a favor and buy decent markers to go with it!

I have a 4 year old severely autistic son. He doesn't communicate well and sometimes trying to teach him things can be very difficult and frustrating for the both of us. We have ordered a ton of the wipe clean books and I have to say, they are a life saver!! Because of these books my son is now the only one in his preschool class that can write all of his letters and numbers, draw every shape, plus write and read words. These books are a must have!

These books are a favorite with our 3 year old! I wish the included marker would leave less of a shadow once erased. We now immediately wipe with a wet wipe after she uses each page then dry well before turning the page.. a bit of a hassle, but it's become habit and keeps the pages preserved well. I would still recommend these books, though. They're cute and very fun to use.

NO WASTED MONEY HERE! Easy to clean, easy to maintain and provides the structure I was looking for to help give my little ones a head start before preschool. We loved these so much we immediately purchased all four books in this series/set. So, the pens they come with aren't that spectacular but we bought some other dry erase markers and they work just fine. I am not concerned with the marker it comes with, its the content within the book and the performance of the "wipe clean" aspect of the book is what we were after. No disappointment here. Wonderful product! Would recommend to anyone with Pre-K kiddos or anyone who has kids needing a little extra direction in writing.

I purchased a couple of these for my kindergarten classroom. The kids LOVED these books way more than I thought they would. It was a very popular center and was always in use. The pages held up well. The markers that come with it are poor quality and do not erase easily, so I recommend using Expo markers instead. Also when the kids didn't erase the pages after each use, it could get pretty hard to erase (even with Expo.) But that's to be expected. Otherwise great purchase!

The book doesn't clean much with a wipe. It leaves black unwashable residue on your hands/fingers that won't way away with soap and water. It's very messy. 1 wipe can only clean 2 pages at a time. Very very MESSY.

My niece, who is four, loves this. When she first got it, she played with it for two hours, which to a four year old is essentially forever.

Good practice and I love the wipe-clean feature. However, some of the word choices to represent the letter sounds were odd for preschool level: for example, "orange" and "owl" were the 2 words representing the letter "O," and "shoes" and "sheep" to represent the letter "S." It would have been more useful if the words representing the letters used the simple letter sounds.
