Customer Reviews

Just say the word, Farts, and the kids laugh. My grandson is going to be in the first grade. Every time he read the word Fart out loud he would laugh. Let them read what makes them laugh.

Very entertaining my granddaughter and I have great laughs reading this series

Dad: We read the first one threes night before, that's how he decided he wanted this one. The book was funny. I laughed I few times myself due to the silliness. A very good read for you and your child if you want a quick childish laugh. For 99Â¢fâ Â Â¢ you can't go wrong, you get a cute read and

help out a small time author. 6 year old boy: Good, it was actually awesome. Because it was fun. Silence! silence! silence! the teacher was mean and greedy, she was blah! Other kids should read this book to see if it's good.

It's not only little boys who like stories about monsters and farting....combine the two and even little girls will enjoy the read. My 7 year old granddaughter read the first "My Monster Farts" in the Spring of 2014 and just laughed and laughed. So, when I say this title was available I just had to get it. Erin immediately fell for both Lenny (the monster) and Zack. And, when the two plot to trick a mean substitute teacher the entire class benefits.

He loved this book and we bought the entire series. It kept his attention. Kept him interested and laughing. Made reading fun for him.

My 7 yr old loves the Lenny monster fart stories. They make her giggle with laughter! I recommend this book for ages 6 to 8.

My daughter loves to read this book. Also she laughs at the monster's farts. Great read for a kid.

My 4 year old granddaughter laughs over and over with these books. I usually don't encourage the farting books BUT this is different too cute. Kids love farting books so as a retired teacher I decided to go with it and glad I did.
