Children's Spirit Animal Stories Vol I Second Edition

Synopsis

Winner of Creative Child Magazine -- a 2014 Kids CD of the Year! Winner, 2014 Mom's Choice Awards for Excellence! 4 stories, written and told by Dr. Steven Farmer, with delightful original music. Stories about Heather the Hummingbird, Foxy and Secret Favors, Cody the Coyote and Grandmother Swan. This audio storybook is based on the very highly awarded Children's Spirit Animal Cards by Dr. Steven D. Farmer. A story audio book offers the positive benefits of allowing children to draw their own mental pictures as they listen to the story and music unfold. The art of storytelling is one of the most ancient forms of communicating core family and personal values, conveying messages in ways that are naturally and intuitively understood. Children can easily relate to stories that communicate important ideas about respect for the Earth and other living beings when told through the viewpoint of animals. Animals demonstrate a truthful simplicity that we sometimes forget as we grow older and our world becomes more complicated. But our connection with nature can be restored as we listen to the inner voice that guides us and the life force that beats in all living things.

Customer Reviews

Children by nature have a magical connection with animals and see them as friends with special meanings. In Dr. Steven Farmer's Children's Spirit Animal Stories, the animals are brought to life with special messages that can help your children or grandchildren as they expand the understanding of themselves from a different perspective. --Carol Ritberger, PhD, author of *Healing Happens with Your Help*

4 ORIGINAL STORIES WRITTEN AND TOLD BY STEVEN FARMER (SECOND EDITION)

This CD has four short stories (about 12 minutes each) read by the author. Three have animals and humans interacting, the fourth is personified animals. My son is about to turn four and is really enjoying listening to the stories in the car while we commute. I'm pleased that he can focus on these audio stories. The messages are very nice and helpful; I think he'll internalize some good ideas about how to be kind and thoughtful and confident. I am about to buy Volume II because we like Volume I so much. The only complaint I have is that three of the four stories are about girls, and only the fourth has a boy. My son initially only wanted to hear the fourth one but has gradually branched out to asking for the other stories as well. I hope there are a few boy characters on the second disc.

Very nice. I play it when I am putting my grand daughter to bed and it relaxes her to fall asleep.
