Synopsis

The thrill of double war. The excitement of shouting "Gin!" Every kid knows at least a handful of card classics, and every grown up kid remembers the fun of playing them. Customer Reviews

My son got this as a birthday gift, and he loved it so much that we've given several as gifts since. When he got this, he was 5yrs and his little brother was 3yrs. The book contains a great variety of games, so we were able to find a few that they could play together - without needing a lot of counting skills, etc. WAR kept them busy and giggling for a long time. But, the other games will grow with them. We sent one to their cousin when he was stuck in the hospital for a few days to keep him from getting too bored. The large cards are sturdy and easy to read.

my sons + i love this book and card set. the book has easy instructions for many games i've never even heard of, as well as old favorites. the cards are big in the hand, which is a wee bit annoying, but they are color-coded for each suite, which is great for young children who have a hard time with differentiating the symbols.

Th book seems to cover a good assortment of games for kids. I gave it to my son for my two younger grandchildren (just-8 grandson & almost-11 granddaughter). The oversize cards I am keeping at my home for any younger children that happen to visit...

Got this book for my 7 year old grand daughter. She loves card games! There were lots of suggested games, many I did not know, with easy to follow instructions. It was a hit!!

Useful, as we try to invite kindergarten age grand wonders to play fun card games. One son & grandson used it on an Amtrak ride from California to Colorado to visit "the other" grandparents!

Same deck and instruction book (with an update) that I remember from my childhood. Bought it to play card games with my middle school students during the summer.

Cards! Cards! Card! Great set of card games for kids who want to learn card games. Has been enjoyed many times. Directions are easy to understand.

Great book of card games and cutely drawn kids cards. I'm only not sure why kids cards are larger, when their hands are smaller. Also makes it harder to shuffle.
