I have been reading this to my son since he was born. It's very short but it has always garnered his interest as we go through the 8 or so pages. Now that he is 6 months old he is grabbing at the finger puppet in the middle as I go through the book - and of course trying to put it in his mouth along with everything else. Highly recommend this for newborns!!

The cutest book ever

Daddy and me is an adorable and sweet book. Its sturdy and the thick card stock pages make it

easy for little ones to turn it and easy to wiggle the lion hand puppet with the finger. As you turn the pages, little ones will have tons of fun learning about different animals and colors. This book makes a great gift. Disclosure: I received this book for free, in exchange for my honest review.
