Goddess Of The Rose (Goddess Summoning Book 4)

Synopsis

#1 New York Times bestselling author P. C. Cast's Goddess Summoning series continues as a modern woman attempts to tame a wild beast with the power of love...Empousai family roses have bloomed for centuries, thanks to the drops of blood their women sacrifice for their gardens. But Mikki would rather forget this family quirk and lead a normal life. Until she unwittingly performs a ritual, ending up in the strangely familiar Realm of the Rose. As its goddess Hecate reveals, Mikki is a priestess— and the Realm's been waiting for her... Long ago, an enraged Hecate cursed her guardian beast and the entire Realm with a slumber only a priestess can undo—and she's counting on Mikki to set things right. The beast at first terrifies Mikki, but soon intrigues her more than any man ever has. Now, the only way he and the Realm can be saved is for Mikki to sacrifice her life-giving blood—and herself...From the Trade Paperback edition.

Customer Reviews

I absolutely love P.C. Cast's writing!! I loved the House of Night series and I love this one as well.

The characters in these books are older than the House of Night characters. I really enjoy that aspect. The stories are all completely different but they usually mention a previous story in the current one. That ties everything together so you have an even better understanding of the situation. I love that as well. Once I finish this series, I will look for more of her books to read as I really enjoy them although I've read quite a few of hers, lol. If you love to get wrapped up in a story and don't want to put it down, this series is for you. Romance, magick, and mythology all in one. A wonderful read!

THE Goddess of the Rose is definitely a BOOK that you want to READ.. Especially if YOU want to have Fabulous Dreams with a sexy lover... steaming hot to say the least.. BUT only after you get halfway through the book..but STILL I wanna READ Mikado and the Guardian's continuing stories since YOU hinted about a Baby in their Future.

Could a woman really love a beast? Great retelling of beauty n the beast. I have always loved the beast, and felt empathy for him. This story spun his history and had my heart wrenching for him. Bravo for that alone :) ! I found myself skipping over a lot of rose descriptions. I get that it's the realm of the roses, and her name is a rose. And there's this garden, and that garden all with lots of roses. But honestly, I spent so much time reading about roses, I don't care to ever hear or read of them again. I think the flower was a little over done. Loved the love story though, wish there was more of it.

I was expecting humor and something more like "Warrior Rising" by the same author (Which I really enjoyed). This one was, therefore, a bit of a disappointment, with no humor and quite slow going. I was not wild about the heroine or any of her female assistants and all of the detailed description did not make up for a not-so-great story line. Sorry. I ordered another two Goddess series books and will read them to decide if I like this author or if "Warrior Rising" was a fluke.

I really enjoyed this. However the Beast thing was kind of weird. I couldn't really imagine what the beast looked like except I understood the beast had horns and claws, but did the rest of him look like a man? It just seems kind of like beastiality which grossed me out. But beyond that it was a sweet story, probably not my favorite out of the series though.

This is the second series of this author I am reading. my sister got me hooked on the first one. So

looking forward to purchasing the rest of this series.

Fantastic read! It is worth trying, you'll be pleasantly surprised!P.C. Cast has created another master piece. You will not be let down.

Personal favorite of mine. I like the heroine and the love interest, its different. The ending was also super sweet, which I liked.
