Allison Moon is the author of the bestselling sex-ed book Girl Sex 101, the sex memoir Bad Dyke, and the Tales of the Pack series of novels about lesbian werewolves.Ã Â She was a 2011 Lambda Literary Emerging LGBT Authors Fellow. Allison has presented her workshops--on strap-on sex, cunnilingus, polyamory, sexual self-expression, erotica writing, and more--to thousands of people around the US and Canada. She has a degree in neuroscience from Oberlin College. She lives in California with her partner.

Love this book. A little heavy-handed with the analogies sometimes, but it’s a WONDERFUL, entertaining, hugely informative, and very sex-positive book. Inclusive of narratives of many different types of people by gender, body type, profession, orientation. It has both breadth and depth of content, but is easy-to-read. I would recommend this for ANYONE having sex with anyone female-identifying (whether cis, trans, neither, or intersex!). Add this to any sex educator’s library.

I wish I could send this book back in time to my younger self. The chapters on flirting and consent plus all the great content and examples about communication would have been so helpful. But, good news, they’re totally helpful now too!Allison Moon has wisely intuited that some of us learn better with pictures, some with facts, some from stories -- and some us work best with all three. Plus she’s created a book that’s very trans and bi inclusive and doesn’t use the phrase "lesbian sex" to describe all the sex happening between two or more women. The interweaving of story, guest articles, text and pictures makes it fun and easy to go through and the content is phenomenal.

What an incredibly fantastic book. Several of the websites I love recommended this book, and I have loved reading it.It’s really inclusive, which I find to be refreshing and needed.

Seriously I think every young queer girl needs this book. It’s so inclusive, so good about discussing all aspects of sex partnerships, and is all around entertaining. I would recommend this book to anyone in my life because it has helped me un-learn so many myths that I grew up with. The ultimate baby dyke book!

this was perfect. i have been bi for years but never knew the lingo. thanks for an informative book.

im recommending this to all my newbies out there.

This book is amazing. It's really a golden age for creative and fun sexuality education. Lots of useful info, couched in a great presentation. Great voices as guests peeking in to add commentary or their own perspective.

This is a must read! The use of story telling amidst very educational chapters go a long way into taking a lot of information and making it feel like everything is coming very easily and naturally to you. I readily and excitedly recommend!

This book was so well written. It was as if the author was talking to me and not at me. Learned some great stuff and will be using it. Already told tons of people to get this book cause it has a lot to offer especially for the youth community.
