A Matter Of Grave Concern

Synopsis

Bestselling author Brenda Novak unearths love in the darkest of places. When Maximillian Wilder hides his noble identity and joins the notorious body snatchers known as the London Supply Company, the last thing on his mind is love. He's worried about Madeline, his vanished half sister, who was last seen in the company of Jack Hurtsill, the gang's conscienceless leader. Raiding graveyards, stealing corpses, and selling them to medical colleges as dissection material is dirty work, but Max knows he must gain Jack's trust. He's determined to find out what happened to Madeline and to bring Jack to justice if she was murdered for the coin her body could earn. Beautiful, spirited Abigail Hale, daughter of the surgeon at Aldersgate School of Medicine, detests the challenging, hard-bargaining Max almost as much as Jack. But she must procure the necessary specimens if she is to save the college and her father's career. She believes she is going to be successful until Jack double-crosses her. Then she's swept into a plot of danger and intrigue, one where Max must intervene to protect her, no matter the risk to his plan or his heart.

Customer Reviews

Unique story and awesome hero. Loved it.

Very different story line, thought I would not like it but I did.

Creepy but interesting!

A book that held my attention! I think I have now bought all of her books, they are great reads

The book is very entertaining. Grave digging, a missing person, and romance- all in one story. I enjoyed the writing and never found myself yawning because I was bored.

Well written, though predictable

In excellent condition. Well wrapped. Cme very promptly and I really enjoy Brenda Novak's books. This was a different one. Not the regular series.

History plus fiction good combination. How far we have come, yet how little we have changed . Like I give it a thumbs up.Gail
