## **Customer Reviews**

I think this book is a very good and it is a fun. I also have to say is that this book is a non-fiction story. This book has three different types of animals that have a special kind of problem with them. The first animal has to do with the big cats, the second animal has to do with the a roost, and the third animal has to do with the word primate. I think if you are 8+ you should read *Tigers in Trouble*.

Great book for all readers - very interesting!

I love this chapter book! It has great details. The book has 3 animal rescues: *Tiger in Trouble*, *An Albino bat baby* and *The three Monkeyteers*. Each rescue is great to read. Even though there are few pictures, I still love it! Great book for animal lovers.

Although this seems to be a pretty good book, I was very disappointed that it was not in new condition. Too much of a hassle to print label and return. :/

I really liked this book because I learned about lots of endangered animals and how to help and be

kind to them.

Awesome stories! I read it three times! The last story about the three monkeys was my favorite! I love it!

Great book for students in grades 4-6. Anyone who loves animals will enjoy reading it and enjoying each and every story.

Hard to find good books for boys but my grandson loves these, so purchased a few as gifts for him.
