sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). Heavy, vinyl folder-style identification for all the Minnesota birds. It takes up little space in home or for travel or on a bird expedition in Minnesota. It wipes clean with a damp cloth so will keep forever without frayed edges or getting tore.
