## Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I picked this up for my daughter so she wouldn't get rusty over the summer. If anything, it has really helped her out. She has only been in band for one year, but there was quite a variety of skill levels here. She started out with what she thought she could handle, but there were so many songs that she knew and wanted to learn, that she started working hard to get to the next level so she could play them. The variety of songs here is great. I was thinking that with 72 songs, there would be a

couple of popular ones, and then a lot that I had never heard of. That was not the case though. The book was full of songs that we recognized. It has been nice hearing her practice, and knowing the song well enough to find ourselves singing along.

This book seemed like a good deal with 72 songs, but most of the songs are sample length and less than a page long. I have some of the same songs already from other Disney music books which are 2 pages long instead. Unless you just want snippets of these songs I recommend finding the songs you are looking for in other books with less songs total to ensure you get a full length piece.

My 13 year old nephew found the songs to be too easy. Better suited for flute beginners, but nonetheless fun melodies for experienced players.

This book contains a nice mix of some pretty old Disney Songs (Mary Poppins, Song of the South) as well as fairly new (High School Musical) though none of the super new hits, but it also is fairly balanced as far as having both beginner and intermediate songs in it. I bought this as an adult trying to pick back up the flute after years of not playing and wanting to have something fun to play and so far it's been just that!

love it I love Disney songs. These are pretty easy.

Bought this for my daughter who learned how to play the flute. She likes the songs included and keeps her interested so she actually practices.

Not full version of every song, but still great. This book is best for beginners.

We have multiple versions of this same book in our house for multiple instruments. It makes the kids get excited about practicing when they get to play songs that they know from their favorite movies. There are a variety of difficulties throughout the book, so while they are all beginner, they are not all super easy. It makes room for improvement and gives them a challenge. Great product.
