## Customer Reviews

I've used these Gazetteers for years in my work and find them very helpful. Lots of information and very practical if you need detailed mapping information.

Old style map printed before Delorme bunched multiple uses under one symbol, while becoming very inaccurate about locations. The new style is junk, and went back to using a Rand McNally road atlas for locating campgrounds. Honestly!

I like

These are wonderful maps ....I have a set published in 1996 and just bought the 2015 version. Unfortunately the new one has MUCH fainter topographic lines making them much harder to see with my old eyes. The over version is much better. Too bad for such a fine work.

Received in as new condition.

I ordered this used to save some money, but it turns out that it was an older edition, 2006 I think. Unfortunately, since 2006, the maps in my other state Gazetteers have been much improved and are much more informative than those in this older edition.

THERE ARE MANY MANY ROADS IN AND AROUND MESQUITE NV THAT ARE NOT SHOWN AND THAT WAS REASON I BOUGHT IT

Pleased with product, would like to inquire IF more detailed topo maps of 'quadrants 'or smaller areas/counties are also available via your publisher series for retail sale?
