Judy Moody Saves The World!

Synopsis

Judy Moody did not set out to save the world. She set out to win a contest. It all started with the Crazy-Strip contest - and the dream that she, Judy Moody, might one day see her very own adhesive-bandage design covering the scraped knees of thousands. But when her "Heal the World" motif merits only an honorable mention, Judy Moody realizes it's time to set her sights on something bigger. Class 3T is studying the environment, and Judy is amazed to learn about the destruction of the rain forest, the endangered species (not) in her own backyard, and her own family's crummy recycling habits. Now she's in a mood to whip the planet into shape - or her name isn't Judy Monarch Moody!

Book Information

Customer Reviews

Inspired by environmental studies in school and a humiliating defeat in a Band-Aid design contest, Judy Moody, in her third adventure, revamps her family's recycling efforts and confiscates her classmates' wooden pencils in *Judy Moody Saves the World* by Megan McDonald, illus. by Peter Reynolds. Ages 6-10. Copyright 2002 Cahners Business Information, Inc. --This text refers to the

Library Binding edition.

Gr. 2-5. The third title in the Judy Moody series finds the spunky third-grader in a save-the-world mood. Judy would like to enter an adhesive bandage design contest, but she doesn't have any ideas. Then a class environmental preservation project inspires her creativity, as well as a new mission. But it's not long before Judy discovers that saving the world isn't easy, whether she is trying to convince her father not to drink rainforest bean coffee or her mom to dispose of a rubber toilet plunger. However, Judy persists, and while bandage-art fame eludes her, she does come up with a class recycling project that makes a difference. It also puts her in a very good mood. This charming read features characteristically snappy, humorous prose; expressive, witty, black-and-white illustrations; and some great ideas for classroom or home projects. The book stands alone, but fans will enjoy familiar, distinctive characters and references from previous titles. Shelle RosenfeldCopyright © American Library Association. We love Judy Moody. My 7-year-old son was reluctant to get started with the Judy Moody books (perhaps because the main character is a girl), but once he got going, he couldn't put them down.

I love it and I'm a kid. I love Judy (monarch) Moody! She is a great role model for kids.

My daughter loves this book.

My granddaughter liked it.

THank You

I recommend others to read this book from this site. My son needed to read this story, however he left book in school. It was very convenient to find and the price affordable. Thanks

I can't call my daughter a big fan of reading. But these books did catch her attention. They are a lot of fun. I'm already getting requests to get more of these. Highly recommend.

These were purchased for a gift and they loved all of the series so very much and this helps with

there reading.
