# Promises To Keep: How Jackie Robinson Changed America

## Synopsis

A warm, intimate portrait of Jackie Robinson, America's sports icon, told from the unique perspective of a unique insider: his only daughter. Sharon Robinson shares memories of her famous father in this warm loving biography of the man who broke the color barrier in baseball. Jackie Robinson was an outstanding athlete, a devoted family man and a dedicated civil rights activist. The author explores the fascinating circumstances surrounding Jackie Robinson's breakthrough. She also tells the off-the-field story of Robinson's hard-won victories and the inspiring effect he had on his family, his community. . . his country! Includes never-before-published letters by Jackie Robinson, as well as photos from the Robinson family archives.

Grade Level: 3 - 7

## Customer Reviews

Grade 4-7--In captivating words and pictures, Robinson chronicles the life of her legendary father. She weaves historical events into the story of one of baseball's greatest players, revealing how they shaped his life. Her text, combined with numerous black-and-white archival and family photographs, reproductions of newspaper headlines, magazine pages, and letters, illustrates Jackie Robinson's journey from childhood to the moment that he integrated major league baseball to his life as a businessman and civil rights spokesperson. In addition to personal details, this intimate biographical sketch and authentic glimpse into the life of a great African American provides information on the

post-Civil War world, race relations, and the struggle for civil rights. It will inspire readers and enhance character-education units. Pair this first purchase with the author's Jackie's Nine: Jackie Robinson's Values to Live By (Scholastic, 2001).--Tracy Bell, Durham Public Schools, NC Copyright © Reed Business Information, a division of Reed Elsevier Inc. **\*Starred Review\*** Gr. 3-7. There are numerous biographies about Robinson available for young people, but none have this book's advantage of family intimacy. In a personal account, Robinson's daughter, Sharon, describes her father's youth, his rise to become major-league baseball's first African American player, and his involvement in the civil rights movement. Sharon Robinson is an education executive for major-league baseball, and she writes about the sport and her father's life with the same immediate familiarity. It's her seamless blend of history and family story, though, that distinguishes this title. Through particular events in her father's life, the author makes the realities of a segregated society immediate: when her father first showed up for the Brooklyn Dodgers' spring training, for example, he was housed and fed separately from his white teammates. She also includes photographs of racially motivated death threats sent to the Robinson home. Robinson's emphasis on her parents' strong values reiterates some of the material in her previous title for youth, Jackie's Nine (2001), but her private view of her father's accomplishments, placed within the context of American sports and social history, makes for absorbing reading. An excellent selection of family and team photographs and other materials, including her parents' love letters in their own handwriting, illustrate this fine tribute. I enjoy the history o famous people.

Great book, I love the pictures, my daughter is reading this for her summer reading project, she is 11 years old and it keeps her interest.

I got a signed copy! It arrived quick in great condition. I also loved the book, teaching it to 5th graders next week.

I ordered this as a gift for a friend, and it was not what I had in mind. I was looking for a biography, not a coffee table book. I ended up returning it to the company for a refund.

My daughter needed this book for school and she really enjoyed it. It is not too difficult of a read.

Book is like news

Did the job.

This is a wonderful book written by a daughter about her father. The father happens to be Jackie Robinson, an important man in baseball and in African-American history. She remains down to Earth and describes the life the family led and how her father affected the family and history. Jackie Robinson was a giant among men and knew what he was doing. It is a credit to Robinson that he was able to make himself above reproach and acceptable to the white public. It had to be very stressful to him and his family to try to be perfect but somehow he was able to make it. A very moving story, simply told by a loving daughter.
