Customer Reviews

This is a good, short, entertaining book to read to your toddlers, then, let them 'leaf through the pages' on your Kindle Fire, iPad, or what-have-you, so long as you can trust them not to mistreat the device. I wish there was a little more substance to it, however, as it only barely touches the surface of an interesting topic: being the new kid on the block is an excellent idea for a book for youngsters. Also, if an enhanced version included audio (an instrumental lullaby comes to mind...) that could be an enormous success. At any rate, as it is, this is a good book with terrific color illustrations and an inspirational theme. Bottom Line Four stars out of five. Comments regarding your

opinion of this book or of my review, whether favorable or unfavorable, are always welcome. If you buy the book based on my review and become disappointed, especially, I do want to know that and I want to understand how I can improve as a book reviewer. Just please be polite. Thank you.
