Synopsis

Tailored to develop a strong technical foundation, 24 Varied Scales and Exercises of Clarinet offers an innovative way for perfecting the scales. Based on the circle of fourths, J. B. Albert's exercises aim to develop mastery of major and minor key signatures. The routines within will improve overall playing technique, including dexterity, agility, sight-reading, range, and hand and body position. Regardless of the genre you plan to learn, perfecting the scales is key to musical proficiency, and this collection of routines will bring intermediate players to the next level. Composed by J. B. Albert & arranged by Paul De Ville

Customer Reviews

Very nice and helpful technical exercises to improve your playingHas a variety of scales, finger movement patterns, and arpeggios

Exactly what was needed

love it

It's an attractive cover and the book itself is thin. The thinness is part of the trouble though. The book won't stay open by itself on a music stand. The other edition published by Fischer with the red and white cover is one you should get. The material within the book is great either way.
