Customer Reviews

A solid guide. Used it for BA and Patagonia. Very helpful.

Very informative

Was very helpful!

complete travel book

Was waiting for it to be published. Necessary for planning my bike trip to Ushuaia.

Much better than the last LP Argentina, I have them both.

Looks good

We would never travel anywhere in the world if there was not a "Lonely Planet" guide. Well almost nowhere. This book has been helpful for planning our trip. One note. Hotels listed in a Lonely Planet guide is probably already been booked, but it did help us identify neighborhoods we were interested in.
