Roger Priddy left school at 16 with just one qualification in art. He went to Berkshire College of Art and Design and trained as an illustrator. His first job in children's books was working with the publisher Peter Usborne, at Usborne Publishing, and then he worked with Peter Kindersley at Dorling Kindersley, where he spent 16 years. Priddy became Creative Director of DK's Children's Division and was Managing Director of the children's mass market publisher Funfax when it was acquired by DK. In 2000, he created Priddy Books with John Sargent at St Martin's Press to create innovative and imaginative titles for children, from first books for babies through early reference titles for older children. Since then, over 30 million copies of Roger's 200 plus books have sold worldwide, with five of his books—My Big Animal, My Big Truck, Happy Baby Words, Happy Baby Colors and Puppy and Friends—each selling over one million copies. He is also the author of Big Board First 100 Words; Big Board Books Colors, ABC, Numbers; and Bright Baby Noisy Monsters. His creativity has been recognized with numerous industry awards. Priddy lives in London with his wife Zena and their four children.

I bought this for my four month old daughter who loves looks. She liked this book and the touch and feel aspect. It is a little wordy for a child her age, but I could see her really liking the book as she grows a little bit older and has a longer attention span.

My kids have four of these Bright Baby touch and feel books, but this one falls a little flat for me. I like that these books have more of a story than a lot of touch and feel books, but this one isn't my favorite ("I call them Bill and Bilbo"...). However, it's nice to find textures other than furry and fluffy, and my son loves the feel of the cat's tongue. In fact, he often tries to lick it. Not a bad choice, just not my favorite when it comes to the wording.

Bought this because it looks like our dog. I wasn't sure if it would be a true touch and feel book, but worth the price.

my daughter 11 months, loves the book very much, she likes touching the dog and rabbit, and when she touches the tongue of cat, her expression is so funny, i think it s good for a baby to start touch and feel

Very cute little book. Some of the textures like the fish could be better and larger. Child enjoyed it!

baby loves loves loves this book! the pictures of the animals are large and colorful. the textures are varied and fun to touch. for the price, this is a nice book to add to the baby library.

Enjoyable book for little ones,

My 9 month old is very interested in this book. He loves to feel all the different textures. He will sit still for a few minutes and occupy himself with this.
