Perspectives On Human Occupation: Theories Underlying Practice

Synopsis

Explore OT from multiple perspectives—from theory to practice. A who's who of theorists, educators, and practitioners explores the concept of "occupation" and its role as the foundation for occupational therapy practice today. Each contributor explains the conceptual models, frameworks, paradigms, or theoretically-based guidelines that they have developed over many years of practice, experience, and research. Case studies at the end of each chapter illustrate how theory translates into real-world practice in the field.

Book Information

Paperback: 384 pages

Publisher: F.A. Davis Company; 2 edition (April 21, 2017)

Language: English

ISBN-10: 0803659156

ISBN-13: 978-0803659155

Product Dimensions: 7.5 x 1 x 10 inches

Shipping Weight: 1.8 pounds (View shipping rates and policies)
