Customer Reviews

Enjoy Cooking Again Recipes for Kids by Gordon RockBook starts out with the author bio and other works along with table of contents. Doesn't appear to be any order to the recipes. Introduction talks about what foods should inspire kids to want to eat them as they are most nutritious. Like that you are given options to make some of the recipes-use whatever you have in the fridge. Each recipe contains a color photo, summary of the dish, servings, prep time. Ingredient list for the most part is healthy but you should be able to substitute for your dietary needs. Directions on how to make are included, NO nutritional information. Pictures are really up close and personal. you can see all the

parts of the recipe. Lot of adult meals made especially for kid sized appetites. Free ebook is included. Great for everyday or gatherings. A KEEPER!

Kindle FREE BOOK order. Excellent book on the subject and the right price to add to my Kindle Library!
