My Top Five: Edinburgh

Synopsis

Edinburgh is renowned for its castle, historical centre and as home to the Scottish parliament. But with so many different monuments, historical sights, restaurants, shops bars and nightlife to see, how can you make sure that you experience the best of everything Edinburgh has to offer? The 'My Top Five' series gives you the background and history on a city's top attractions, so that you can make the most of your trip. It also includes essential information, such as opening times and location. However, each chapter gives you more than just the basics of the city's attractions, diving below the surface to lift the lid on some of the less well-known attractions, and helping you to discover the hidden Edinburgh. And of course, we don't fill endless pages with hard-to-read maps and difficult-to-download photos; there are five chapters of text, one on each attraction, all written by our team of experienced travel writers. This book was first published as the 'Postcards From' series.

For any of you that are planning a visit to Scotland, this book would be incredibly helpful. Finding your way around a strange city can be scary at the best of times, and this book will eliminate all that.

It tells you where to go, when to go, what you will see when you go, and gives you many different options of how to get there. Really useful little guide.

I love this book. This is a must-have for those who want to go visit Edinburgh, Scotland. It covers a bit of everything you need to know before and during the trip - what to see, where to go, how to book, etc. It is pretty much comprehensive. This is the ultimate guide you can't miss.

Edinburgh is a really cool city and this FREE book definitely helped me make the most out of my long weekend there. My girlfriend was terrified of the ghost story and murderer tour we took there at twilight! "Postcards From Edinburgh" showed us some great underground bars to go to. Great music from folklorique to alternative rock and hands down the best scotch i've ever had (get the samplers!). Don't pass up it's recommendation to climb Arthur's Seat; I went up once and I ended up there every other day, a beautiful hike in the middle of the city overlooking the bay. Download the book and go to Edinburgh.

Feels like reading an insider guide from an Edinburgh local. Can be a little more organized with sub-headings but overall very useful information!
