Customer Reviews

Baby Professor showcases a collection of subjects that would be educational for kids to help them learn how to do something themselves or shows how something is done or how it came about. Children love to learn through attractive visuals and Baby Prof. is the perfect starting point to get your child the head start he or she needs for the future. Our Motto - "Learning is Fun, so let's Make it Fun to Learn".

Great for teaching ny 2nd grader money concepts.

My son really liked working in this. Goes quick and it's effective!

Provides no instruction, just pictures of money for you to count. not worth the money AT ALL.

I was disappointed with the book. It is merely a practice workbook with no instructions what so ever. It was not worth the money I spent. I would have done better by printing off free practice problems

online.

Great book for teaching about money. Fast shipping too!
