Mandela: The Rebel Who Led His Nation To Freedom (National Geographic World History Biographies)

Synopsis

Nelson Mandela comes to life in this portrait of a diplomatic man whose commitment to freedom gained him both the Nobel Peace Prize and Time's Man of the Year honor. The son of a Thembu chief in South Africa, Mandela began his life-long campaign against white colonial rule while a college student. Kramer's eloquent, yet approachable text describes the leader's dedication to nonviolence, his role in the African National Congress and his arrest in 1962 for sabotage and conspiracy. During his 27 years in prison, Mandela continued his fight for a democratic and free society, and ultimately was released and elected president of South Africa. Grade 4-6 This biography introduces readers not only to Mandela, but also to the political turmoil that affected South Africa for over a century. It begins with his birth, and covers his school years, his political ventures, imprisonment, release, presidency, Nobel Peace Prize, and retirement. Full-color photographs appear throughout and a time line runs along the bottom of each spread. While there is good information here, it's unfortunate that some of it is placed in bubbles or in chopped segments. Despite the occasionally confusing layout, the book is well worth

I love this series! It combines historical timelines, photography, and compelling stories of important people. My son's interest is never lost and he is able to retain the information that he has read. I highly recommend this series to all children.

This book is/was for my wife. It has held her interest. She likes it. When she is done, I will read it. And then, perhaps write a decent review. Or, let her write it.

Good book for our homeschool study of Nelson Mandela.
