The pictures are mediocre and small in detail and the sharpener is crappy. However, it is better than nothing and there are almost no coloring travel books out there that come with pencils. It is a reasonable deal given the price

Very strange that the package says 12 double sided pencils for a total of 24 colors. This is wrong the pencils are one color only. Aside from that the packaging and book are okay.

One of 3 books arrived new and undamaged. The other two (one of which was supposed to be a replacement for the previously damaged one) was damaged as well. I didn't even bother getting a refund at that point and just gave up. Would not recommend.

My twin girls LOVE these coloring books but one of them came with double-sided pencils (24 colors) as advertised and one came with single-sided pencils (only 12 colors)... needless to say, one of my girls was very disappointed...

I bought this as a gift. I have one of your books and love coloring in it. The construction of the book makes it easy to work with

Daughter in law loves this she is going to be off work for 2 weeks so this will help thank you pencils are great not too big

fun gift

I should have looked around for a better quality kit. The pages in the book fall out too easily.
