Sex Piston (Biker Bitches Book 1)

Synopsis

Sex Piston wasn't about to apologize to anyone for her bitch attitude and certainly not the President of The Blue Horsemen, Stud. If he thinks he's going to be able to control her and her crew then he has another thing coming. A lapse in judgment has him thinking that he's won this battle of the sexes but a one-night stand isn't about to bring this woman to heel. Stud has to prove himself as the new President of the Destructors, and Sex Piston and her crew's attitude isn't helping. If he has to sacrifice his body to tame the bitch then that's exactly what he's going to do even if it means losing his heart in the battle. This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older. Please do not buy if strong sexual situations, moderate violence and explicit language offends you.

Overall rating: 5 Rockin' Stars! Have you ever met a BAD GOOD girl? Well you will in this sexy, fast pace novel! Sex Piston learned early to do exactly the opposite of what everyone expected her to do, hence the attitude and her crew. "You're a virgin?" Disbelief...and Sex Piston's reaction was telling him held him immobile. Stud had never met anyone like Sex Piston. Women had always been easy for him but now he is faced with one that challenges him at every turn. She responds to him with a natural grace that makes him want to keep her. He sees the woman that few see! She is a loving, kind, loyal, sexy, beautiful woman that takes care of her own. "Sometimes, the only way to fight what you're afraid of is to be a better fighter. A girl can always be overwhelmed, but a woman knows how to overwhelm a man," Sex Piston replied with the best advice she could. An unexpected attack from members of the Destroyers Motorcycle Club at Sex Piston's Beauty Salon leaves one of the girls severely wounded and another in bad shape. With help from the Blue Horsemen and The Last Riders the women are rescued and the bad guys caught. Of course the women are part of the rescue. "That woman in there could die. I haven't even been able to touch her yet, feel her against me...kiss her because I've let what little conscience I have left, and my friendship with you, stop me. No more." New alliances are formed, new relationships are started and old friendships are solidified. Sex Piston finds her happily ever after in Stud and a new life is started. "Sex Piston, are you?" "Heroine" Stud: 5 stars Heroine: 5 stars Sex Piston: 5 stars Steam: 5 stars Plot: 5 stars Cliffhanger: No Would I recommend this book: Yes! This book does it all hot sex, true love and

happily ever after! Would I read other books by this author: Yes! Each book in this series builds a sense of need for more and anticipation of what future books will reveal.

This is not the first book I read by this author. So far, I've read most of her books. I keep reading them DESPITE the fact that I cringe every single time I come across a grammatical mistake. And let me tell you, there are many of those. I think she needs to find herself a good editor. Her characters are really the reason why I keep reading them. She's got some very interesting, funny, and loyal to a fault characters. You want to find out who ends up with whom and where they go next. It's enough for me to put aside my inner grammar Nazi. Their stories are engaging and keep your interest. I like the way she has interwoven them around each other. I think that with the right editor, she can make her books even better than they are, after all, she's already a pretty great writer.

Stud's compliments may be vulgar and could be said in a maybe I don't know nicer way, but they're still compliments, "your ti*s are the best I've ever seen, and your a** is even better. Ace was a stupid bas**** to mess around on you." And don't even think about putting your hands on his woman he will go ape s***, "which mothereffing a**hole touched you? Because they're going to regret touching something that's mine." Sex Piston she doesn't sugar coating anything, and Stud well he when he wants something bad enough he'll agree to anything: "Your di** gets too much action. I don't eff someone doing other bit**es and don't ever think that you can tell me what I want. Until you start wearing my panties, I think I'm the best judge of who I want to eff." Stud shrugged. "Fine. I won't eff any other women. I'll let you have until we're done eating to make up your mind that you want to eff me." The girl doesn't put up with his bulls*** either, "you want a piece of a**, it better be mine because if I ever see another bit** up against you like that again, I'll effing neuter you and you'll be the bit** in this relationship."

This book is a bit of a departure from the Last Rider series, which is fine because I needed a break from them. I liked this one. I thought the chemistry between Sex Pistol and Stud was hot and I liked their characters. The only issue I had was that it dragged a bit. But overall I finished it.
